

The Exoplanet Exploration Program Analysis Group (ExoPAG)

Douglas M Hudgins

*Exoplanet Exploration Program Scientist
Astrophysics Division, NASA Headquarters*

ExoPAG Overview

The ExoPAG is designed be an open, community-based forum for soliciting and coordinating community input and analysis into the development and execution of NASA's Exoplanet Exploration Program (ExEP).

- Bring specialized expertise to bear specifically on issues relating to Exoplanet Exploration component of Astrophysics portfolio;
- Provide an open forum for grassroots input to the ExEP;
- Provides a conduit for keeping community informed about program activities.
- Meetings held biannually;
- Tasking from Astrophysics Division Director and/or NAC Astrophysics Subcommittee (ApS)
- Results of ExoPAG meetings and analyses reported to the ApS.
