

ExoPAG 28 Logistics Guide

Below are useful links and information to enable full participation in the ExoPAG 28 meeting, whether remote or in-person.

The meeting website w/ agenda <https://go.nasa.gov/3sXN051>

Every resource used during the meeting can be found here. Includes the agenda, link to Zoom remote connection, link to Q&A session, link to ExoPAG Slack, Code of Conduct, venue info, and registered participants. When presentations are cleared for public release, they will be posted on the site as well

ExoPAG Slack Space <https://bit.ly/exopag-slacksite>

Invite Link <https://bit.ly/exopag28-slackinvite>

Slack will be the main source of communication for all meeting attendees

Q&A Participation https://bit.ly/exopag28_QandA

In-person participants may ask questions verbally using the microphones in the room. Both remote and in-person participants may also use the online NASA Q&A session to submit a question which will be moderated and addressed by the session chairs and speakers. All online submissions will be anonymous. Participants may also upvote a question asked by another individual

Google Drive <https://bit.ly/exopag28google>

Preliminary versions of *most* talks will be available at the start of the meeting in this google folder

Zoom Remote Participation <https://bit.ly/exopagzoom>

Meeting ID: 982 4542 6405

Passcode: 238495

Audio connection (US): 646-931-3860 Enter Meeting ID then #

Find your local number: <https://aas-org.zoom.us/j/aecZJvG3Fl>

Policies and Conduct

NASA Statement of Principles <https://go.nasa.gov/46nMDze>

AAS/DPS Policies and Conduct <https://bit.ly/dps-policies>

ExoPAG attendees are expected to abide by the NASA Statement of Principles and the AAS/DPS Policies

ExoPAG Suggestions <https://bit.ly/exopagsuggestions>

The purpose of this form is for the science community to provide input to the ExoPAG executive council (EC). Community members may propose suggestions for the ExoPAG that will be dispositioned by the EC and can subsequently be discussed by the full ExoPAG.

ExoPAG Findings <https://bit.ly/exopagfindings>

The purpose of this form is to propose findings that can be discussed and voted on by the full ExoPAG. Findings that are voted on are provided to NASA Headquarters via a written memo from the ExoPAG Executive Committee (EC).
